

MASTER OF MISSIONAL LEADERSHIP

THE MASTER OF MISSIONAL LEADERSHIP is...

- **Biblical and Contextual.** Further develop your capacity to integrate biblical insight with critical contextual analysis.
- **Global and Local.** Learn alongside other missional leaders who are engaged in local and global mission.
- **Flexible and Focussed.** Learn in a flexible format that combines intensive classes and focussed mentoring with a research project tailored to your area of service.
- **Formational and Transformative.** Be impacted by mentors and teachers with significant missional field experience who will input into your life and ministry.
- Designed to provide **a distinctively missional educational experience** that leads to transformation in the leader's life, understanding and ability to lead missionally in an ever-changing, globalized world.

THIS PROGRAM IS DESIGNED FOR STUDENTS WHO TYPICALLY...

- Are looking to remain in their vocational settings while growing their capacity for missional leadership.
- Are looking for a collaborative cohort learning experience with students from a range of backgrounds, cultures, and leadership experience.
- Are seeking a program that will facilitate their growth as reflective practitioners and their ability to lead thoughtfully, creatively and missionally in their vocations.
- Already have leadership experience as well as for those wanting initial professional development.

PROGRAM STRUCTURE

Four compulsory core units, delivered in an intensive format. Plus...

- Two elective units, usually in areas related to the area of research interest and a capstone project of 16,000 words,
- OR
- Three elective units and a smaller project of 8,000 words.

1. Compulsory Core Units

- **Missional Hermeneutics**

A firm and deep grasp of Scripture is essential to any missional task. Learn how to read the Bible missionally as we read Scripture in our own contexts.

- **Cultural Exegesis**

Addresses various approaches of contextual exegesis that will help to better engage with our missional contexts.

- **Missional Spirituality**

A transformative ministry for the sake of others is the outcome of a transformed life. Explore ways in which we cooperate with God in our own spiritual transformation and then participate with God in His mission to the world.

- **Missional Leadership**

Focuses on adding value and strategic missional effectiveness to our leadership in organizations. Consider a variety of leadership issues in order to inform your missional understanding and practice.

2. Elective Units

A variety of elective units are available that are in line with your area of mission.

3. Research Project

A project focussed on your area of missional leadership.
